Executive Summary

As requested, information for denials and terminations has been provided in this spreadsheet. Please note that the information is for denials and terminations only. It is not individual level or family level information. It is possible that the same client provided an alternative or subsequent application that was approved for DHS services. Thus, the datasets are not indicative of whether a customer ultimately received benefits for other reasons, i.e., rescheduled interview, verification submitted within the 60 days of application date, duplicate application resolution, etc. Additionally, it is possible that the same individual or family submitted application(s) that were denied multiple times and counted several times within the list. Lastly, in the category, "registered in error," data entry errors were resolved with a "denial" designation in the system, and since this was not the final disposition of the application a denial notice was not sent to the customer at that time.

Tab Name	Tab Description				
Denials	This shows all reason for intake denials and counts for each reason. Time range is program status date 1/1/2024 to 10/8/2024				
Terminations	This shows all reason for renewal terminations and counts for each reason. Time range is terminated eligibility date date 1/1/2024 to 10/8/2024 later
